ABOUT US

In 2008, our biggest goal on this path we set out with the slogan “AS CLOSE AS MOTHER” is to be the supporter of all mothers, to make babies happy and to contribute to their development. We produce different designs and alternatives by working devotedly every day to bring our products that offer useful and practical solutions to parents.

We carefully select all our materials by assuming our sensitivity to baby products as the most important responsibility of our business. From fabric to yarn, we put all our raw materials through the necessary tests and bring them to you by producing them in accordance with Oekotex100 standards.

Turkey’s most exclusive baby stores, chain markets and abroad with our products that we offer to help a new mother every day, with the strength and support we receive from you, we continue on our way without slowing down. Foreseeing the needs of our customers in today’s conditions; we supply new and quality products and continue our commercial activities within the framework of all legal regulations and ethical rules in force.

As Babyjem family, we continue to realise our story without compromising our ethical rules and quality, knowing that it is easy to get to the top but not easy to stay at the top. Thanks to our R&D team and all our colleagues, we closely follow all the innovations in the world, constantly renew and improve ourselves in order to meet the needs of mothers and babies in the best way.

Babyjem Around the World

At Babyjem, we are delighted to be part of the lives of families in more than 65+ countries worldwide. Wherever babies grow, laugh, and take their first steps, Babyjem is there — making everyday moments easier, safer, and happier.

Our mission is simple: to design products that bring comfort to little ones and peace of mind to parents. With love at the heart of everything we do, Babyjem has become a trusted companion for families across the globe.

large bathtub with drain

designed to make bath time more comfortable for your baby, this spacious matte-finish bathtub offers ergonomic support for both newborns and sitting babies. Its non-slip surface and generous size provide stability and freedom of movement during bathing. An easy-to-use drain plug allows quick water release after use, while the built-in side pockets keep bathing essentials like soap and sponges within easy reach.

art 928 happy duck baby bathtub

Babyjem Happy Duck Baby Bathtub combines aesthetic design with functionality, transforming your baby's bath time into a delightful ritual. Its ergonomic form helps your baby maintain a natural and balanced position, while the spacious and comfortable interior allows freedom of movement. The non-slip base supports stability and contributes to a safer bathing experience. Its distinctive duck-inspired design adds a refined and playful character to the bathroom, while the high-quality material structure ensures durability and long-lasting use. Thanks to its lightweight and well-balanced design, it offers ease of use, and its smooth surface supports hygienic standards with a practical cleaning experience.

silicone feeding set 4 pcs

make mealtimes easier and more enjoyable with this complete 4-piece silicone feeding set, thoughtfully designed for babies starting from 6 months. The set includes a soft, adjustable silicone bib with a deep spill pocket, a divided suction plate that stays in place to prevent tipping, an ergonomic spoon for little hands, and a durable training cup. Crafted from high-quality food-grade silicone, all components are BPA-free, and phthalate-free, ensuring maximum safety. Heat-resistant and dishwasher-safe for effortless cleaning, this set offers both practicality and peace of mind for parents. Ideal for everyday use at home or on the go.

art 903 my first spoon

this training spoon is specially designed to support babies during their transition to solid foods. its unique angled shape makes it easier for little ones to bring food to their mouths independently, while ensuring a more natural hand movement. the spoon comes with two interchangeable tips – one semi-closed and one fully closed – to help babies gradually adapt to different food textures. made from safe, bpa-free materials, it is gentle on sensitive gums and easy for parents to clean. an ideal choice for encouraging self-feeding skills from the 4th month onwards.

amazing bowl

this innovative bowl is designed to make self-feeding easier and cleaner for babies. Its 360° rotating inner bowl helps keep food upright — even when tilted — making it perfect for BLW (baby-led weaning). The ergonomic side handles provide a secure grip for little hands, while the adjustable lid keeps snacks from spilling during travel. Durable, BPA-free material is safe for baby use and easy to clean. Suitable from 6 months.

tummy my first bed

designed to provide a peaceful and supportive sleep environment during your baby's sensitive developmental stage, our product features a specially shaped head section that helps maintain proper head positioning during sleep, while the leg support contributes to the relief of gas discomfort; the tummy band supports correct lying posture while preserving natural freedom of movement. with its ergonomic design that mimics the feeling of the womb, it helps your baby feel secure and calm, facilitates the transition to sleep, and contributes to the development of a regular sleep routine.

art 429
baby colic relief belt
with cherry seed

this soft and ergonomic belt helps soothe your baby's tummy discomfort naturally. It is filled with natural cherry seeds, which retain heat and gently relieve colic, gas, or mild abdominal pain. Simply heat the inner pouch in the microwave for 30 seconds, then place it inside the belt and secure around the baby's waist with the adjustable soft straps. The gentle warmth combined with the calming pressure helps relax your baby and supports better sleep. Safe to use from birth and washable outer cover for daily hygiene.

wearable breast pump

babyjem wearable breast pump is an innovative solution designed to adapt to the dynamic lifestyle of modern mothers, combining practicality and comfort in a seamless experience. In terms of product features, it offers a personalized pumping experience with four different modes and nine adjustable levels, while its compact and wireless design enables freedom of use anytime, anywhere; its soft silicone flanges support comfort with gentle contact, and the 150 ml capacity provides sufficient volume for uninterrupted use, while its lightweight structure contributes to ease of daily use. in terms of usage, the product should be properly positioned on the breast during pumping, the appropriate mode and level should be selected to start the process, and once pumping is completed, the container should be carefully removed, ensuring both an efficient and comfortable user experience.
